Dear Sirs:

I received my Iris last fall all right and they are wonderful. I would like a catalog of your dahlias and plants.

Dear Sirs:

I think a word of praise is appreciated by everyone. The Iris and Peonies I purchased from you last year are all that you promised and even more. The Iris bloomed for over a month and as near as I could tell there were seven different colors and shades. Everyone thought they were equal with any they had ever seen. The pink and white Peony bloomed this spring. Bywood, Upper Darby, Pa.
